In the heart of the Sonoma Valley

Nestled in the quaint Sonoma Valley community of Kenwood, in the foothills of the Mayacama Mountain Range, Landmark Vineyards epitomizes the grace, harmony and vitality that characterize Sonoma County. Landmark is a winery with a rich history in farming and agriculture. The winery was founded in 1974 by Damaris Deere Ford, great-great-granddaughter of John Deere. Today, The winery continues to express the family's agricultural legacy through Landmark's everyday vineyard practices.
